VP300

Enjoy the lightness of everyday cleaning

NILFISK

Truly outstanding.
Simply reliable. Highly affordable

The Nilfisk VP300 is a basic, well-built, thoroughly reliable vacuum cleaner designed with careful attention to both comfort and the environment.

This everyday power tool is right there beside you. Through thick and thin it never lets you down and is ideal for cleaning offices, hotel rooms, retail outlets, and whatever everyday challenge you can think of.

The Nilfisk VP300 series is fitted with a certified HEPA filter which effectively removes dust, pollen, mold, bacteria, and any airborne particles. A weight of only 5,5 kg makes it easy to move around, and with a sound pressure of only 62 dB(A), the equivalent of a quiet refrigerator, it is suitable for daytime cleaning.

New Nilfisk VP300 R.
R for recycled – and ready-to-roll

Now joining our family is the Nilfisk VP300 R made from 30% post-consumer material, PCR, a more sustainable type of recycled plastic. Simply ready to rock and roll (yes, it has wheels).

Everyday superpowers

- Robust on/off switch
- Efficient HEPA filter
- Space-saving when not in use
- Non-marking protective bumper
- Cord storage
- Discrete and secure storage for accessories between rear wheels
- Protected rear wheels
