

## NILFISK VP500

# A new formula for simplicity

Experience the superior simplicity of the VP500 vacuum. From cordless freedom to intuitive, lightweight design, every detail is built to make cleaning faster, easier, and more effortless from the very first use.

With up to 90 minutes of runtime, the VP500 delivers next-level performance powered by advanced battery technology – reaching 80% charge in just 55 minutes.

### Top features and benefits also include

- New high-efficient lithium-ion battery technology delivers longer runtime, faster charging, and extended lifespan with more charging cycles
- High suction performance – powerful dirt and dust capture reduces repeat passes and cuts cleaning time
- Lightweight design – just 5 kg plus 1.8 kg battery for easier handling and less fatigue
- One of the best-in-class net capacity – reduces bag changes, saving time and lowering supply costs
- Certified HEPA13 filter captures up to 99,97% of airborne particles
- Foot-operated switch – minimises bending to reduce back strain, enabling faster, hands-free cleaning
- Compact and agile – ideal for tight spaces and easy transport
- Colour-coded touchpoints – intuitive guidance for faster operation, even for first-time users
- Easy-swap battery – uninterrupted cleaning, securing uptime
- No-tool access to bags and filters – fast, hassle-free maintenance
- Quick and flexible cleaning – ideal for on-the-go or daytime tasks, and perfect for busy schedules
