Urgency demands solidarity — let's act now

Every year, **2.3 million people worldwide** are diagnosed with breast cancer*. And according to WHO projections**, that number could rise by **38% by 2050 — reaching 3.2 million new cases annually.**

Truly outstanding. Simply reliable. Highly affordable

The Nilfisk VP300 Pink Edition is a basic, well-built, thoroughly reliable vacuum cleaner designed with care for both comfort and the environment. It's fitted with a certified HEPA13 filter that removes dust, pollen, mold, bacteria, and airborne particles. It's easy to move around and suitable for daytime cleaning in offices, hotel rooms, and retail outlets.

Help fund the fight!

Donations are important because:

- They provide funds for science projects working on advanced treatment. In its earliest, localized stages, the 5-year relative survival rate of breast cancer is 99% due to advances in treatment.
- They enable free support and counseling via (organization) for women affected by breast cancer and their families, all exposed to uncertainty, fear, anxiety, and uneasiness.
- They support (organization) to inform how cancer in 4 out of 10 cases can be prevented by changing behavior, e.g. by being physically active and limiting alcohol.
